

It's wintertime, the days are shorter, the weather is colder...and it's the perfect time for a seasonal community service! If you want to lift some spirits in the darker months of winter and make sure that the most vulnerable members – homeless or otherwise displaced people – have warm clothing to wear and enough food to sustain life then in this spirit, let us organize a clothing and food drive that focuses specifically on warm coats, blankets, and other pieces of clothing that will help shelter people against the frigid temperatures and rice or wheat/ flour to keep their bellies full.

Being the responsible and sensitive youth, let us join hands to raise funds ( in terms of kind and goods) and give our best in this noble deed of community service.

What more, the CBSE also wants the students to do SEWA project.

- ❖ Therefore the students of class IX & XI are asked to motivate all students of the school for the donation of the following things :-

Clothes

Blankets

Woolens

Rice/ Flour

- ❖ Special containers should be kept outside where the students could leave their donations.
- ❖ All things should be brought properly packed without mentioning the names on them. ( Afterall the best donations are without any selfish motive)
- ❖ It should be seen that the clothes are not worn out or torn. They should be brought properly washed and ironed.
